· Assurer des missions de reconnaissance, sauvetage, infiltration, exfiltration...

PERFORMANCES

- Décollage et atterrissage très court
- Polyvalence et rapidité d'intervention
- Faible cout de possession
- Résistance à 550 kg : 5,25 G

PERSPECTIVES D'APPLICATIONS

- Militaire : forces armées
- civil : forces de polices, surveillance de zones, sécurité civile (recherche de personnes disparues, loisirs, inspection de réseaux ferroviaires, électriques...)

INNOVATIVE MOBILITY SOLUTION ON GROUND AND **IN THE AIR**

MISSIONS

- Develop an all-terrain vehicle approved for driving on public highway and flying in the ultralight category
- Reach hard-to-access areas
- Carry out reconnaissance, rescue, infiltration, extraction and other mission

FEATURES

- Extremely short take-off and landing
- Versatility, swiftness of intervention
- Resistance at 550 kg: 5.25 G

PROSPECTS OF APPLICATIONS

- Military: armed forces
- · Civil: policing, monitoring area, civil security (searching for missing persons, leisure, inspecting railway lines, power lines, borders etc.)
