

**Liste des reconnaissances d'aptitude à la conception
EMAR21 sous-partie J**

Industriel	N° Agrément	Périmètre	Produits
Airbus Defence & Space	EMAR21J-001-DGA	Designing in accordance with the applicable type certification basis and environmental protection requirements: <ul style="list-style-type: none"> o Changes and repairs to aircraft for which Airbus Defence and Space is the MTC holder or MSTC holder; o Changes to aircraft for which Airbus Defence and Space is not the TC holder, o Components and parts to be installed in an aircraft for which Airbus Defence and Space is not TC holder. 	A330-200 MRTT FAF CN235 FAF (repairs & technical adaptations only)
SABCA	EMAR21J-002-DGA	- Designing modifications and solutions of repair in accordance with the applicable airworthiness and environmental certification requirements in the following technical domains: <ul style="list-style-type: none"> o Avionics o Avionics equipment Integration o Structure o Mechanics o Environmental systems o Electrical systems o Software intégration o Performance 	Alphajet Atlantique 2
<i>Airbus Helicopters</i>	<i>EMAR21J-003-DGA</i>	<i>en cours d'évaluation</i>	
<i>Boeing</i>	<i>EMAR21J-004-DGA</i>	<i>en cours d'évaluation</i>	
<i>General Atomics Aeronautical Systems, Inc</i>	<i>EMAR21J-005-DGA</i>	<i>en cours d'évaluation</i>	
Safran Landing Systems	EMAR21J-006-DGA	- Designing in accordance with the applicable type certification basis and environmental protection requirements repairs to products for which Safran Landing Systems is not MTC holder, in the following technical disciplines: <ul style="list-style-type: none"> * Electro / mechanical / hydraulic equipment, systems and structures (Nose, Centre and Main Landing Gears) for ATA 32 (Landing Gears excluding Wheels & Brakes), * Electro / mechanical / hydraulic equipment for ATA 32 (Landing Gears). 	Atlantique 2
<i>Service Industriel de l'aéronautique</i>	<i>EMAR21J-007-DGA</i>	<i>en cours d'évaluation</i>	
<i>Rockwell Collins</i>	<i>EMAR21J-008-DGA</i>	<i>en cours d'évaluation</i>	
Safran Power Units	EMAR21J-009-DGA	MTSOA for APU	System Rubis 3-305 (MTSOA21O-00023-DGA)
<i>Aeroconseil</i>	<i>EMAR21J-010-DGA</i>	<i>en cours d'évaluation</i>
